

Coming Soon
January 2012...

The **IRSC INNOVATION INCUBATOR** is an accessible collaboration space for use by entrepreneurs, business owners, inventors, professionals, telecommuters, students and independents.

Now there's no need to meet prospects or clients in your garage, living room or local coffee shop. Enjoy professional space where you can copy, collate and work on your presentations and conduct business without being cramped on the kitchen table or in the spare bedroom. Here you'll discover an affordable place to work, learn, and connect. The **IRSC INNOVATION INCUBATOR** is the place for you!

Make the INNOVATION INCUBATOR @ IRSC your 'business address'

Co-working is best described by Citizen Space in San Francisco as the "best elements of a coffee shop (social, energetic, creative) and the best elements of a workspace (productive, functional)" and when combined, these elements create an awesome and affordable experience."

By sharing space with like-minded, fellow entrepreneurs and business owners, overhead is reduced and access to impressive office suites equipped with computers, conference rooms, and state-of-the-art facilities insures your efficiency and effectiveness. Have prospects and clients meet you at your 'office'.

IRSC INNOVATION INCUBATOR Membership provides:

- One-on-one Business Consulting
- High speed wireless high speed internet on site
- FREE Book-"Six Weeks to Business Start Up"
- Seminars, Workshops & Classes (some for free - others at a discount)
- Business Center Services (access to workspace, copy machine, printer, scanner office supplies)
- 4 offices available, each equipped with a computer to work on business plans
- 2 offices available for meetings with clients, bankers etc.
- Strategic Planning Breakout / Conference Rooms
- Access to SBDC Business Library
- Listing of your business on the electronic 'resource page'
